

ANNUAL DECLARATION OF INTERESTS (ADoI)

(Please note that high quality of scientific expertise is by nature based on prior experience and that therefore having an interest does not necessarily mean having a conflict of interest)

Name: HERNANDEZ-JEREZ, Antonio F.

Title: Prof.

Profession: Professor of Toxicology

Current EFSA involvements: Member-PPR Panel 2012-2015 (PPR), Member-Cumulative Assessment Groups of Pesticides (PPR), Member-PPR WG Relevance of Dissimilar Mode of Action for Cumulative Risk Assessment (PPR), Chair-WG on the developmental neurotoxicity of acetamiprid and imidacloprid (PPR)

Nature of Activities	Period	Organisation	Subject matter
I. Economic interest			NO INTEREST
II. Member of a management body or equivalent structure	09/2005 - 07/2011	-Name: Spanish Association of Toxicology (AETOX)	Member of the Executive Committee. This is the steering Committee of the National Association of Toxicology (AETOX), a non-profit association involved in the promotion of Toxicology in Spain. It is also a member of the European Federation of Societies of Toxicology. The association is not involved in activities regarding pesticide (or other chemicals) regulation or regulatory assessment and has no relationships with private companies. The statutes of AETOX state that this association is aimed 'to foster the relationship and cooperation between its members and with other national and international associations and coordinate their efforts to contribute to the development and dissemination of scientific knowledge in different areas of the Toxicology'.

	09/1997 - 09/2007	-Name: University of Granada (Spain)	Secretary of the University School of Occupational Medicine. This is a University School for postgraduate medical doctors interested in training in the speciality of Occupational Medicine. As Secretary my duties were to supervise the administrative function of the School.
III. Member of a scientific advisory body	10/2006 - now	-Name: Ministry of Health (Council of Health), Regional Government of Andalusia,	Member of the Risk Assessment Panel for food and environmental safety. It was created by a order of the Directorate of Public Health and Citizen Participation of the Andalusian Council of Health (Regional Ministry of Health) with the duty of establishing the framework and statutes for futures Panels. The delivered advices are not mandatory, so that they do not be necessary taken into consideration. They are only regarded as advice. I have a right to vote in this Panel.
	11/2000 - now	-Name: Ministry of Health of Andalusia (Council of Health)	Member of the Advisory Committee of Experts of the Special Surveillance Program on Acute Pesticide Poisoning. It was created by a order of the Directorate of Public Health and Citizen Participation of the Andalusian Council of Health (Regional Ministry of Health) with the duty of reducing the prevalence of acute pesticide poisonings due to the huge use of these chemicals in Andalusia. The delivered advices are not mandatory, so that they do not be necessary taken into consideration. I have a right to vote in this Committee.
	09/2008 - 07/2010	-Name: IUTOX (International Union of Toxicology)	Member of the National Scientific Committee of the IUTOX 2010 Congress (Barcelona, 19-23 July 2010). The main duty was to design the scientific programme of the Congress and to make the better choice for the symposiums and workshop. I had a right to vote.
	09/2008 - 12/2008	-Name: US Environmental Protection Agency	Member of the Scientific Advisory Panel of the EPA-FIFRA for the assessment of the Toxicological Profile of Chlorpyrifos, acting as "Special Government Employee". The Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA) was created by the Food Quality Protection Act (FQPA) and passed in 1996. The panel was commissioned to write a report that addresses a set of scientific issues regarding the Agency's Evaluation of the Toxicity Profile of Chlorpyrifos. This report was not mandatory, but will be considered by the Agency for further decisions. I had a right to vote.
IV. Employment	05/2008 - now	-Name: US Environmental Protection Agency	Scientific consultant on the Food Quality Protection Act (FQPA) Science Review Board (SRB), hired as Special Government Employee. Special Government Employees (SGEs) are hired for three-year terms with consideration for renewal. I was interested in continuing to serve as a member of the Board, so I applied for extending my membership on the SRB for an additional three years in order to renewal my status as US EPA SGE. Thus, I had to complete the Confidential Financial Disclosure Form for SGEs serving on Federal Advisory Committees at the US EPA (EPA Form 3110-48). SGEs are generally used as advisory committee members, individual experts or consultants. This activity does not involve fees, unless I were again called upon. This means that I have shown my willingness to act as an expert in a new committee or to collaborate again with the Agency if called. However, at this time I have not been required to provide any other service. Members of Scientific Advisory Panels (SAP) provide advice, information and recommendations on pesticide-related issues regarding human health and the environment. The expected deliverables are meeting minutes that have to be written as part of the activities of the SAP.

	10/1989 - now	-Name: University of Granada	Lecturer of Toxicology: starting as Assistant Professor in 1989, Senior Lecturer in 1993 and Full Professor in 2009. This is my actual job and allows me to teach university students and to have research activity. My salary comes almost exclusively (>90%) from this activity. My organisation (University of Granada) is a public university that is not involved in activities in regard to pesticide authorisation or in the regulatory assessment of pesticides. The University of Granada has not developed nor published guidance or methodology used in regulatory processes and does not own software/computational models used in regulatory processes. This university does not have an official capacity in risk management of pesticides.
V. Ad hoc or occasional consultancy	07/2011 - 01/2012	-Name: LAB (spin-off from the University of Almeria)	Consultancy to make a risk assessment of triethylphosphate (TEP), a chemical that was found to contaminate drinking-water. The deliverable was an assessment report on the health risks resulting from human exposure to such chemical. The consultancy was issued because the Organization was requested by the Andalusian Council of Health to make a risk assessment of TEP found in ground water that was not completely removed by a reverse osmosis water treatment plant. I was compensated by the consultancy report.
	03/2009 - 03/2009	-Name: Brazilian Health Surveillance Agency – ANVISA, Ministry of Health	To assist the Brazilian government during the organophosphates re-evaluation that occurred in 2010. It was required to participate in a meeting and getting ready an assessment report. There was no compensation for this activity but expenses were covered (travel, hotel, meals).
VI. Research funding	02/2010 - now	-Name: Regional Ministry of Innovation (Council of Innovation), Junta de Andalucía	Research activity regarding the impact of pesticide use on biomarkers of exposure, toxic effects on target organs and susceptibility in a population occupationally exposed to pesticides. The outcome of the research activity will be used by the Council of Innovation for increasing the knowledge on health effects resulting from chronic pesticide exposure. I have not been (nor will be) personally paid for this activity.
VII. Intellectual property rights			NO INTEREST
VIII. Other membership or affiliation	07/1993 - now	-Name: Spanish Association of Toxicology (AETOX)	Member of such Association. For more details about AETOX, see above (activity II). As an active member of this association I am encouraged to participate in the biannual Congress of AETOX or assist to the Executive Committee when requested as regards to a scientific issue that falls on my field of interest. No compensation is received by this activity.
IX. Other relevant interest			NO INTEREST
X. Interests of close family members			NO INTEREST

I hereby declare that I have read both the Guidance Document on Declarations of Interests and the Procedure for identifying and handling potential conflict of interests and that the above Declaration of Interests is complete.

Date: 08/01/2013 Signature: SIGNED
