

ANNUAL DECLARATION OF INTERESTS (ADoI)

(Please note that high quality of scientific expertise is by nature based on prior experience and that therefore having an interest does not necessarily mean having a conflict of interest)

Name: AQUILINA, Gabriele

Title: Dr.

Profession: Senior Scientist

Current EFSA involvements: Member-FEEDAP Panel 2012-2015 (FEEDAP), Vice-Chair-Coccidiostats and Histomonostats 2012-2015 (FEEDAP), Member-Colouring Agents 2012-2015 (FEEDAP), Vice-Chair-Enzymes 2012-2015 (FEEDAP), Chair-Suilectin (FEEDAP), Member-Technological Additives 2012-2015 (FEEDAP), Member-WG on Allura Red (ANS)

Nature of Activities	Period	Organisation	Subject matter
I. Economic interest			NO INTEREST
II. Member of a management body or equivalent structure			NO INTEREST
III. Member of a scientific advisory body	12/2012 - now	-Name: Working Group “Evaluation of intrinsic properties and classification of chemicals” established by the Istituto Superiore di Sanità (Italian Institute of Health).	The Working Group supports the activity of the Italian Competent Authority concerning the registration, evaluation, authorisation and restriction of chemicals (REACH - Regulation (EC) No 1907/2006) and classification, labelling and packaging (Regulation (EC) No 1272/2008). G.A is member of the Working Group as expert for carcinogenesis and mutagenesis.
	10/2012 - now	-Name: EFSA, European Food Safety Authority, Italy, Parma	Member - Coccidiostats (FEEDAP)

	07/2012 - now	-Name: EFSA, European Food Safety Authority, Italy, Parma	Member - Enzymes 2012-2015 (FEEDAP)
	11/2011 - now	-Name: EFSA, European Food Safety Authority, Italy, Parma	Member - Technological Additives (FEEDAP)
	03/2011 - now	-Name: EFSA, European Food Safety Authority, Italy, Parma	Member - Colouring Agents (FEEDAP)
	09/2009 - now	-Name: EFSA, European Food Safety Authority, Italy, Parma	Member - Enzymes (FEEDAP)
	01/2005 - now	-Name: Expert Panel on Biocides of the Istituto Superiore di Sanità (Italian Institute of Health)	Member of the Expert Panel of the Italian Institute of Health (ISS) responsible for the evaluation of dossiers concerning biocidal products and the drafting of Competent Authority Reports (European Directive on biocides 98/8/EC) as expert for genotoxicity and carcinogenicity. The Panel (from September 2010 named "Working group on biocides") draws opinions that, if approved by the Ministry of Health, lead to the national position on the authorisation of biocides in EU (inclusion in annex I of the Directive 98/8/EC).
	07/2009 - 10/2012	-Name: EFSA, European Food Safety Authority, Italy, Parma	Member - Trace Elements (FEEDAP)
	02/2009 - 06/2012	-Name: EFSA, European Food Safety Authority, Italy, Parma	Member - FEEDAP Panel 2009-2012 (FEEDAP)
	10/2009 - 10/2011	-Name: EFSA, European Food Safety Authority, Italy, Parma	Member - Genotoxicity testing strategies (SC)
	01/2010 - 06/2011	-Name: EFSA	Member of the Working group on Genotoxicity Testing Strategies of the EFSA Scientific Committee
	09/2003 - 03/2008	-Name: Italian Ministry of Health (Advisory Committee on Biocides)	Advising activity on genotoxicity of biocides. The Advisory Committee on Biocides expresses opinions on the dossiers submitted for the authorisation and registration of biocides and for the extension or renewal of authorisations. These opinions are taken into account by the Italian Ministry of Health for the final decision on the authorisation/registration of biocides. Gabriele Aquilina was member with right of vote of the Committee until March 2008.
IV. Employment	12/1986 - now	-Name: Istituto Superiore di Sanità (Italian Institute of Health)	Experimental and advising activity on genetic toxicology of environmental chemicals. Basic research on DNA damage and repair Basic research on molecular mechanisms of mutagenesis and carcinogenesis. The Istituto Superiore di Sanità (ISS) is the leading technical and scientific public body of the Italian National Health Service. Its activities include research, control, training and consultation in the interest of public health protection. While risk assessment is part of the remit of ISS, the institute has no official responsibility to carry out risk management. The ISS is no way involved in the support of the development of any particular pesticide, has no right/ownership on any published RA guidance, methodology, software and/or computational model which could be used in regulatory processes of PPPs and does not have any official capacity of Risk Management. Some units of the ISS are involved in the evaluation of PPPs and the drawing of opinions that, if approved by the Ministry of Health, lead to the authorisation of PPPs; Gabriele Aquilina is not involved in this activity.
V. Ad hoc or occasional consultancy			NO INTEREST

VI. Research funding	03/2011 - now	-Name: Italian Ministry of Health	Research project: Development and implementation of validated and/or alternative methods for the assessment of physical-chemical properties and potential geno- / toxicological activity of nanomaterials relevant for industrial application. The project is funded exclusively by the Italian Ministry of Health, on the basis of the “Agreement Italian Ministry of Health / Istituto Superiore di Sanità 29/12/2010 for the Period March 2011 - February 2013. The agreement provides the presentation of a progress report every six month. Nanomaterials may be present, in particular as contaminants, in substances used in animal feed. The research (co-)funding I received from the private sector in the latest full budget year, and for the areas covered by the FEEDAP Panel, does not exceed 25% of the total annual research budget that is managed by me.
	01/2008 - 12/2009	-Name: EU (Sixth Framework program)	Role of genetic and non-genetic mechanisms in furan risk
VII. Intellectual property rights			NO INTEREST
VIII. Other membership or affiliation			NO INTEREST
IX. Other relevant interest	09/2010 - now	-Name: OECD	Head of the Italian Delegation to the Joint Meeting of the Chemicals Committee and the Working Party on Chemicals, Pesticides and Biotechnology (JM). The JM oversees the OECD's work on Chemical Safety, carried out under the Environment, Health and Safety (EHS) Programme. The Head of Delegation is the coordinator of the national experts involved in the EHS programme of OECD and their spokesperson at the joint meetings that are held in Paris every nine months.
	03/2010 - now	-Name: OECD	Italian National Co-ordinator of the OECD Programme “Guidelines for testing of chemicals”. The purpose of the programme is the periodical updating of test guidelines in order to keep pace with progress in science and, on the basis of specific needs identified by OECD Member countries, the development of new test guidelines.
X. Interests of close family members			NO INTEREST

I hereby declare that I have read both the Guidance Document on Declarations of Interests and the Procedure for identifying and handling potential conflict of interests and that the above Declaration of Interests is complete.

Date: 04/01/2013 Signature: **SIGNED**
